

Type: EMEA Product Announcement  
Number: EMEA-PM05-004  
Date : January 14, 2005  
Reference: **EasyCoder™ PC41 – Desktop IPL™ printer**

Intermec introduces the new **EasyCoder™ PC41** Entry level bar code label printer running with **IPL™ language**. The EasyCoder™ PC41 printer is expected to begin shipping in January, 2005, and can replace Intermec EasyCoder™ 7421 printer.

The EasyCoder™ PC41 printer integrates the proven electronics of the EasyCoder™ 7421 with the mechanics of the EasyCoder™ C4. Users will continue to enjoy the powerful electronics and IPL programming language of the EasyCoder™ 7421 with enhanced features of the EasyCoder™ C4. Enhanced features include new higher print speed of 4 ips (100 mm/s), unique double clamshell design, quick and easy 1MB Flash memory expansion cartridge.

### Benefits

- Reliable and inexpensive on demand label, ticket, and tag printing
- Automated data collection capabilities - maximizes resources and reduces costs
- Excellent print quality ensures accurate scanner and human readability
- Connect & Print™ features facilitate quick and easy printer setup
- Supports IPL programming language– no changes to the host system

### Features

- Higher 4 ips (100 mm/s) print speed
- Direct thermal or direct thermal/thermal transfer
- Easy Connect & Print™ - includes everything to start printing immediately
- Unique double clam shell design facilitates easy drop-in loading of paper and ribbon supplies
- Choice of printed label presentation modes – all standard
  - Tear-off
  - Peel and present – label is presented individually with no backing paper
  - Label taken / present – labels are presented individually with backing paper
  - On demand – labels are printed, individually or grouped, on demand
- QuickMount™ printhead replacement – no tools required

- Optional flash memory expansion cartridge, cutter, and EasyLAN external Ethernet adapter

## Markets and Applications

Intermec's EasyCoder™ PC41 printer generally supports low duty label, ticket, and tag printing applications within office, healthcare, logistics, retail, and government environments. The Connect and Print™ features ensure that applications are up and running quickly and easily. The EasyCoder™ PC41 supports existing and new applications requiring IPL programming language. These small desktop label printers are used in conjunction with larger label printers such as the EasyCoder™ 3400e, 4420, and 4440 printers.

### Retail / Office

- Product labeling
- Shelf and file labeling
- Inventory management
- Asset management

### Transportation and Logistics

- Shipping labels
- In-transit visibility applications – i.e. asset management, parcel track and trace shipments

### Government

- Work in process
- Store operations
- Store management
- In-transit visibility applications – i.e. asset management, parcel track and trace shipments

### Healthcare

- Patient records labelling / wristbands
- Prescription labels
- Laboratory and blood specimen labelling
- Work in process tickets tracking patients through facility departments
- Asset management

## Availability

Intermec is currently accepting orders for the EasyCoder™ PC41 bar code label printer with shipments expected January, 2005.

Part Number	Description	EMEA List Price	Discount Code
PC41A010000	EasyCoder PC41 printer, Direct Thermal, 203 dpi, tear-off & self strip, EU & UK power cords	675€	T
PC41A011000	EasyCoder PC41 printer, Direct Thermal & Thermal Transfer, 203 dpi, tear-off & self strip, EU & UK power cords	775€	T

## Media

Intermec offers labels, tags, and ribbons to support all EasyCoder™ bar code printers. Current take from stock media for the EasyCoder™ C4 or EasyCoder™ 7421, can be ordered for the EasyCoder™ PC41. Intermec has a state-of-the-art R&D lab and Application Analysts to offer a custom solution for even the most unique label application.

Intermec Media Sample Program allows to have media sample as free to test the correct media combination for your application. Is possible to order sample labels and sample thermal transfer ribbon in usual way, according with part number enclosed in following tables.

### Labels Sample Program

Partnumber	Width	Length	Quality	Labels per roll	Winding	Core diameter	Rolls per box	Perforation
I26251	101,60	152,40	TTR Uncoated Permanent	160,00	Outside	40	2,00	Yes
I26252	101,60	152,40	TTR Coated Permanent	160,00	Outside	40	2,00	Yes
I26253	101,60	152,40	TTR Coated Removable	160,00	Outside	40	2,00	Yes
I26254	101,60	152,40	TTR Premium Permanent	160,00	Outside	40	2,00	Yes
I26255	101,60	152,40	TTR High Gloss Polyester Permanent	160,00	Outside	40	2,00	Yes
I26256	101,60	152,40	Thermal Top Permanent	160,00	Outside	40	2,00	Yes
I26257	101,60	152,40	Thermal Top X-Permanent	160,00	Outside	40	2,00	Yes
I26258	101,60	152,40	TTR Polyethelene Permanent	160,00	Outside	40	2,00	Yes
I26259	101,60	152,40	Thermal Eco Permanent	160,00	Outside	40	2,00	Yes

### Ribbon Sample Program

Printer group	Quality	Partnumber	Width in mm	Length in M	Rolls per box	Colour
742x / 91 and C4	Standard GP02/91	I90431S-0	110,00	50,00	2,00	Black
